

[The Contamination Expo Series](#) is Europe's leading contamination and geotechnical event. For two days of the year on September 11th and 12th the entire environmental and contamination industry meet at the NEC, Birmingham.

Created to provide businesses, private and public sector professionals and more, with access to the latest equipment and best practices that will advance contamination prevention, management and recovery.

{jathumbnail off}

The series is made up of 7 fundamental zones: Land Remediation, Waste Water, Clean Air Technology, Nuclear Decommissioning and Remediation, Spill Response, Hazardous Materials and Geotechnical & Geoenvironmental.

Across the event the Contamination Expo Series boasts 150 cutting-edge suppliers, and 120 expert-led and CPD-accredited seminars; all to intent to improve global contamination prevention procedures and recovery strategies.

Running alongside 4 other powerhouse environmental exhibitions, the footfall is phenomenal. Attributing to a combined total attendance of 20,000 environmental professionals, all with free access to all events, The Contamination Expo Series is a comprehensive, growing event that is not to be missed.

Tickets are completely free and are available online at www.contaminationexpo.com .

If you're interested in exhibiting at this year's event or sponsorship opportunities, contact Daniel Rogers on 0117 990 2005 or daniel.rogers@prysmgroup.co.uk .
